

# National Environmental Achievement Track

# Application Form

Philips Semiconductors
Name of facility
Philips Semiconductors
Name of parent company (if any)
811 East Arques Avenue
Street address
street address
Street address (continued)
Sunnyvale, California 94088
City/State/Zip code

Give us information about your contact person for the National Environmental Achievement Track Program.

Name Eddie Gamboa

Title EMS Manager

Phone 408 991 4488

Fax 408 991 4003

E-mail eddie.gamboa@philips.com

EPA needs background information on your facility to evaluate your application.

# What do you need to do?

- Provide background information on your facility.
- Identify your environmental requirements.

at a v		
aligika (Ye. 1996)	taliak, garak bilanga bila	on the state of th

1 What do you do or make at your facility?

It's a semiconductor facility that designs, performs research and development, and testing of integrated circuits. Provide professional, and technical services to other Philips Semicondctors' manufacturing facilities in North America. More information at http://www.philips.com

2 List the Standard Industrial Classification (SIC) code(s) or North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.

SIC CAD 07046 6479

**NAICS** 

3 Does your company meet the Small Business Administration definition of a small business for your sector? ☐ Yes ☐ No

4 How many employees (full-time equivalents) currently work at your facility?

Fewer than 50

50-99

100-499

500-1,000

More than 1,000

5	Does your facility have an EPA ID number(s)?  If yes, list in the right-hand column.		□ No 79
6	Identify the environmental requirements that apply to your facility. Use the Environmental Requirements Checklist, at the back of the instructions, as a reference. List your requirements to the right <b>or</b> enclose a completed Checklist with your application.	See attached	l checklist
7	Check the appropriate box in the right-hand column.	_	he requirements above. sed the Checklist with my
8	Optional: Is there anything else you would like to tell us about your facility?	circuit since 1 closed mid las on February 1 certification w	as a manufacturing site for Integrated 961. The last fabrication area was st year of 1999. ISO 14001 certified 2,1998. The site currently maintain it's with plans to expand to San Jose, d Tempe, Arizona.

Facilities must have an operating Environmental Management System (EMS) that meets certain requirements.

# What do you need to do?

- Confirm that your EMS meets the Achievement Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

1	Check <b>yes</b> if your EMS meets the requirements for each element below as defined in the instructions.		
	a. Environmental policy	⊠ Yes	
	$\it b$ . Planning	⊠ Yes	
	$\it c$ . Implementation and operation		
	$\emph{d}$ . Checking and corrective action	⊠ Yes	
	e. Management review		
2	Have you completed at least one EMS cycle (plan-do-check-act)?		
3	Did this cycle include both an EMS and a compliance audit?	Yes	
4	Have you completed an objective self-	⊠ Yes	
	assessment or third-party assessment of your EMS?	Self-assessment	
	If yes, what method of EMS assessment did you use?	☐ GEMI ☐ Other	
		☐ CEMP	
		☐ Third-party assessment	
			า
		Other	

Facilities must show that they are committed to improving their environmental performance. This mec that you can describe past achievements and will mc future commitments.

## What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

1 Describe your past achievements for at least two environmental aspects. If you need more space than is provided, attach copies of this page.

**Note to small facilities:** If you qualify as a small facility as defined in the instructions, you are required to report past achievement for at least one environmental aspect.

First aspect you've selected

What aspect have you selected?	What was the pro (2 years ago)?	evious level	What is the curre	nt level?
Chemical Usage	Quantity \$6.3 per 4"wafer out	Units Cost per 4" wafer out	Quantity \$5.45 in 1999 Not tracking cost per wafer out (no more production)	Units Cost per 4" wafer out

i. How is the current level an improvement over the previous level?

The chemical usage reduction of 14% from 1998 to 1999.

ii. How did you achieve this improvement?

Implemented some chemical substitution (environmental-friendly), process elimination or changes, extend chemical bath-life (filtration and temperature controlled sinks) and "chemical pour-only by request" procedure..

Second aspect you've selected

What aspect have you selected?	What was the pro (2 years ago)?	evious level	What is the curre	ent level?
Electricity	Quantity 45	Units KwH per 4" wafer out	Quantity 38	Units KwH per 4" wafer out
<ul><li>i. How is the curren previous level?</li></ul>	t level an improvement c	over the		
A 15.5% electricit	y usage reduction from	1998 consumptio	n up to 1999.	

ii. How did you achieve this improvement?

Boiler replacement with "energy efficient type". Facility was renovated with better heating and cooling equipment, and insulation. Manufacturing furnace equipment to ramp down to lower temperature on standby mode. Process changes to eliminate production testing within 24 hour time limit. Elimination of excess manufacturing equipment.

2 Select at least four environmental aspects (no more than two from any one category) from the Environmental Performance Table in the instructions and then tell us about your future commitments. If you need more space than is provided, attach copies of this section.

**Note to small facilities:** If you are a small facility, you are required to make commitments for at least two environmental aspects in two different categories.

#### First aspect you've selected a. What is the aspect? Electricity X Yes No b. Is this aspect identified as significant in your **EWS**\$ c. What is the current level? You may choose to Option A: 37 millionKwH / year state Absolute value (Quantity/Units) this as an absolute value or in terms of units of Option B: production or output. In terms of (Quantity/Units) units of production or output

<ul> <li>d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.</li> <li>e. How will you achieve this improvement?</li> </ul>	Option A: Absolute value  Option B: In terms of units of production or output  Building renovation, low en use of natural lighting source monitoring,	
Second aspect you've selected		
a. What is the aspect?	Natural Gas	
<ul><li>b. Is this aspect identified as significant in your EMS?</li></ul>	☐ Yes ☐ No	
c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.	Option A: Absolute value  Option B: In terms of units of production or output	400000 Therms per year (Quantity/Units) (Quantity/Units)
d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.	Option A: Absolute value  Option B: In terms of units of production or output	300000 Therms per year (Quantity/Units) (Quantity/Units)
e. How will you achieve this improvement?	Building renovation and use equipment". Utilization of be equipment and insulations, equipment.	etter heating/cooling

Third aspect you've selected		
a. What is the aspect?	Water	
b. Is this aspect identified as significant in your EMS?	⊠ Yes □ No	
c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.	Option A: Absolute value  Option B: In terms of units of production or output	46 million gallons/year (Quantity/Units) (Quantity/Units)
d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.	Option A: Absolute value  Option B: In terms of units of production or output	37 million gallons/year (Quantity/Units) (Quantity/Units)
e. How will you achieve this improvement?	Water conservation progre Rest room sinks and bowls replacements.	•
Fourth aspect you've selected		
a. What is the aspect?	Solid Waste/Used Equipme	ent
<ul><li>b. Is this aspect identified as significant in your EMS?</li></ul>	⊠ Yes □ No	
c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.	Option A: Absolute value  Option B: In terms of units of production or output	74% Of total Waste generated are recycled (Quantity/Units) (Quantity/Units)
d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute value or in terms of units of production or output.	<ul> <li>✓ Option A:         <ul> <li>Absolute value</li> </ul> </li> <li>✓ Option B:         <ul> <li>In terms of</li> <li>units of production</li> <li>or output</li> </ul> </li> </ul>	90% of total solid wastes are re-used or recycled (Quantity/Units)

e. How will you achieve this improvement?

Empowerment to the Philips Semiconductors' Envision Recycling Team. Include "other" recyclable materials into the program. Employee awareness and training. Recycling program information to all employees via intranet website.

Facilities must demonstrate their commitment to public outreach and performance reporting. You should hav appropriate mechanisms in place to identify communiconcerns, to communicate with the public, and to proinformation on your environmental performance.

## What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

1	How do you identify and respond to community concerns?	An environmental communication policy for both internal and external inquiries is in-placed to uniformly response to those environmental concers.
2	How do you inform community members of important matters that affect them?	We send letters of notification to our neighbors.  Attend community meetings if necessary.
3	How will you make the Achievement Track Annual Performance Report available to the public?	<ul> <li>✓ Website www.sc.philips.com</li> <li>✓ Newspaper</li> <li>✓ Open Houses</li> </ul>

4	Are there any ongoing citizen suits against your facility?	☐ Yes	⊠ No	
	If yes, describe briefly in the right-hand column.			

# 5 List references below

	Organization	Name	Phone number
Representative of a Community/ Citizen Group	Peninsula Industry Business Association	William L. Sanborn	408 374 9565
State/Local Regulator	City of Sunnyvale  Department of Public  Works	Gail M. Bentley	408 730 7484
Other community/local reference	Locus Technologies	James E. Boarer	(650) 960 1640

# On behalf of Philips Semiconductors [my facility],

#### I certify that

- I have read and agree to the terms and conditions, as specified in the National Environmental Achievement Track Program Description and in the Application Instructions;
- I have personally examined and am familiar with the information contained in this Application (including, if attached, the Environmental Requirements Checklist). The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Achievement
  Track EMS requirements, including systems to maintain compliance with all applicable federal,
  state, tribal, and local environmental requirements, in place at the facility, and the EMS will be
  maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any
  were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry,
  currently in compliance with applicable federal, state, tribal, and local environmental
  requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Achievement Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

#### National Environmental Achievement Track

# Environmental Requirements Checklist

The following Checklist is provided to assist facilities in answering Section A, "Tell us about your facility," Question 6. The Checklist is given to help facilities identify the major federal, state, tribal, and local environmental requirements applicable at their facilities. The Checklist is not intended to be an exhaustive list of all environmental requirements that may be applicable at an individual facility.

If you use this Checklist and choose to submit it with your application, fill in your facility information below and enclose the completed Checklist with your application (see instructions).

Philips Semiconductors
